

INS3

INSPECTION LIGHTING

Paint Inspection • Plastic Inspection • Defect Detection • Finesse Decks • Polish Decks

The INS3 Series is a must have when the finish of any surface counts! This fixture is constructed from 20 gauge cold rolled steel and has a powder coated finish. This inspection fixture is designed to create a well defined lamp image using light and dark contrasts that cause defects in the paint to show for ease of defect detection and repair. This fixture is available as a 2', 4' or 8' fixture and is available in a 1, 2, or 3 lamp option. Lamps included.
